### **Organizational Background**

Founded over 45 years ago, the Interfaith Center on Corporate Responsibility (ICCR) is a pioneer coalition of over 300 socially responsible investors including faith-based communities, labor unions, and others who leverage their investments to hold corporations accountable for the social and environmental impacts of their operations. Our membership collectively represents over \$200 billion in invested capital.

ICCR members and staff engage hundreds of multinational corporations annually to promote more sustainable and just practices because we believe in doing so, companies will secure a better future for their employees, their customers, and their shareholders. We do this through on-going engagement and dialogue with corporate management on a range of social and environmental issues that impact communities in the U.S. and globally, as well as by filing shareholder proposals, which are publicly presented at companies' shareholder meetings.

### **Position Summary**

ICCR is seeking candidates for an internship in climate change to provide research support for Investor campaigns focused on a Just Transition to a clean energy economy. ICCR members plan to engage mid-cap and small-cap companies in a variety of sectors, including banks, airlines, energy utilities, metals and mining, construction, paper & forest, containers and packaging and chemicals.
