

INTERNSHIP ANNOUNCEMENT

Title: Fall Internships

Schedule: Flexible, September through December, Monday – Friday

Reporting to: Program Director – Health Equity

Organizational Background

Founded over 45 years ago, the Interfaith Center on Corporate Responsibility ([ICCR](#)) is a pioneer coalition of over 300 socially responsible investors including faith-based communities, labor unions, and others who leverage their investments to hold corporations accountable for the social and environmental impacts of their operations. Our membership collectively represents over \$400 billion in invested capital.

ICCR members and staff engage hundreds of multinational corporations annually to promote more sustainable and just practices to ensure companies secure a better future for their employees, their customers, their shareholders and the community at-large. We do this through on-going engagement with corporate management on a range of social and environmental issues that impact communities in the U.S. and globally. These engagements include a variety of strategies including, but not limited to: dialogues, roundtables, resolutions/shareholder proposals, and investor statements/letters.

Position Summary

ICCR is seeking candidates for an internship on health equity. The Intern will assist the Program Director – Health Equity with research to inform the 2019 shareholder strategy to increase access to affordable medicines (includes both prevention and treatment). Tasks include:

- Conducting research on the health care industry (pharmaceutical companies and payers) to inform engagements with key companies
- Drafting issue briefs and backgrounders, company profiles, updating lists & recording meeting minutes
- Developing a template to track company/investor progress

The internship period is scheduled to run from September through January

Benefits for Intern

The intern will learn about the work of corporate engagement from seasoned practitioners, and about how companies are addressing sustainability issues and the regulatory environment and its impact on sustainability. The intern will also learn how investors leverage their relationship with companies to impart positive change.

Qualifications

- Applicants must be currently enrolled in, or recently graduated from, a graduate degree program.
- Experience and knowledge of public health; additional familiarity with corporate social responsibility is preferred
- Excellent research skills with the ability to organize & synthesize information effectively
- Ability to take direction as well as work & think independently
- Strong attention to detail
- Excellent oral and written communication skills.
- Strong computer skills (Windows environment: Word, Outlook, Excel & PowerPoint)
