FOR Shareholder Rights

Roderick Nelson, Chair of the Qorvo (QRVO) Governance Committee may not deserve shareholder votes

There is not enough information in the 2026 QRVO annual meeting proxy for QRVO shareholders to make an informed decision on the qualifications of Mr. Roderick Nelson. This is all the more important since Mr. Nelson chairs a key QRVO Board Committee.

The proxy biography for Mr. Nelson lists AT&T Wireless Services experience but shareholders have no way to determine how recent this experience is. Mr. Nelson's proxy biography lists 3 entities that Mr. Nelson had association with since AT&T:

Tritech Sales and Services, LLC
Geoverse, LLC
Globetouch, Inc.

However a computer inquiry into the annual revenues for these entities each returned:
"It looks like there aren't many great matches for your search."

Mr. Nelson is also listed as associated with Nelson Technology Partners, Inc. A computer inquiry said that annual revenue is less than $5 million.
The annual revenue for QRVO is more than $3 billion.

QRVO should also consider a hybrid annual meeting since its annual meeting is typically 1000 miles from company headquarters and QRVO company headquarters seems to have more employees that any other company location.
